Overview

How it Works

Vision

Mission

Key Goals

Roadmap

Tokenomics

A decentralized community fund that generates passive income and capital growth for its holders through profits returned in the form of reflections, token buy backs and dividends.

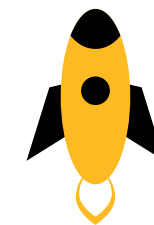

Vision

Being at the forefront of innovation in Defi3 making our product simple and user friendly for anyone that wants a secure and seamless way to invest with no lock in contracts.

Mission

We want to be one of the very first pioneers in the Defi3 space, leading our community into something new and exciting while constantly evolving into something bigger.

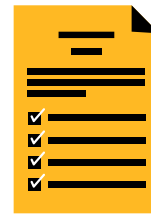

Goals

To be well recognised in the Defi3 space and one of the Go To platforms for ETH reflections.

Roadmap

Phase 1

- Website and socials launch
- Stealth launch on Uniswap
- Live Mainnet Dashboard
- Marketing campaign
- CG and CMC listing
